### Ingredients

1 tsp. cornstarch  
1 1/2 cups peeled and chopped Fuji apples  
1 tbsp. granulated white sugar  
1/8 tsp. vanilla extract  
Dash salt  
1 tsp. cinnamon  
5 sugar cones  
1/2 cup plus 2 tbsp. Fat Free Reddi-wip (or natural light whipped topping)

### Directions

In a small nonstick pot, combine cornstarch with 1/4 cup cold water, and stir to dissolve. Add apples, sugar, vanilla extract, and salt. Add 1/2 tsp. cinnamon, and stir well.

Set heat to medium. Stirring frequently, cook until apples have slightly softened and mixture is thick and goey, 14 - 16 minutes.

Transfer to a medium bowl, and let cool completely, about 1 hour.

Just before serving, evenly distribute apple mixture among the cones, and top each cone with 2 tbsp. Reddi-wip.

Sprinkle cones with remaining 1/2 tsp. cinnamon.
