### Ingredients

One 3-lb. raw boneless chuck beef roast (trimmed of excess fat)  
1 tsp. each salt and black pepper  
One 14-oz. can fat-free beef broth  
4 cups carrots cut into 1/2-inch coins  
3 cups roughly chopped onion  
2 cups sliced mushrooms  
1 cup celery cut into 1/2-inch pieces  
2 tbsp. tomato paste  
1 tbsp. Worcestershire sauce  
2 sprigs fresh thyme  
1 tsp. chopped garlic  
2 tbsp. cornstarch

### Directions

Bring a large skillet sprayed with nonstick spray to high heat. Season roast with 1/4 tsp. each salt and pepper. Cook and rotate until all sides are browned, about 5 minutes. Place in a slow cooker.

Add all remaining ingredients *except* cornstarch to the slow cooker, including the remaining 3/4 tsp. each salt and black pepper. Gently stir.

Cook on high for 3 - 4 hours or on low for 7 - 8 hours, until roast is cooked through.

Turn off slow cooker. In a small bowl, dissolve cornstarch in 2 tbsp. cold water. Stir into the liquid in the slow cooker. Let sit, uncovered, until slightly thickened, about 5 minutes.

Remove and discard thyme sprigs. Slice meat and serve topped with veggies and sauce!
